

DİPLOMA SUPPLEMENT
İSTANBUL BİLİM ÜNİVERSİTESİ
Büyükdere Cad. No:120
Esentepe-34349 Şişli / İstanbul/TÜRKİYE
Tel: +90(212)2136486-89 Fax: +90(212)2133461 <http://www.istanbulbilim.edu.tr>

Diploma No
Diploma Date

This diploma supplement follows the model developed by the European Commission, Council of Europe and UNESCO/CEPES. The purpose of the supplement is to provide sufficient independent data to improve the international “transparency” and fair academic and professional recognition of qualifications (diplomas, degrees, certificates, etc.). It is designed to provide a description of the nature, level, context, content and status of the studies that were pursued and successfully completed by the individual named on the original qualification to which this supplement is appended. It should be free from any value judgements, equivalence statements or suggestions about recognition. Information in all eight sections should be provided. Where information is not provided, an explanation should give the reason why.

1. Information identifying the holder of the qualification

- 1.1 Family name(s):
- 1.2 Name(s):
- 1.3 Place and date of birth:
- 1.4 Students identification number or code:

2. Information identifying the qualification

- 2.1 Name of the qualification: Beslenme ve Diyetetik
- 2.2 Main field(s) of study for the qualification: **Dietitian**
- 2.3 Name and status of awarding institution:
İstanbul Bilim University, State Recognized, Non-profit Foundation University
İstanbul Bilim Üniversitesi, Vakıf tarafından özel kanunla kurulmuş, Devlet tarafından tanınan üniversite
- 2.4 Name and status of institution administering studies: **Same as 2.3**
- 2.5 Language(s) of instruction: **Turkish**

3. Information on the level of the qualification

- 3.1 Level of qualification : **First cycle (Bachelor’s Degree)**
- 3.2 Official length of the programme : **4 years; 2 semester per year,**
14 weeks per semester,
30 ECTS credits per semester
- 3.3 Access requirements : **Certificate of secondary education**
Placement through centralized National
University Entrance Examination

4. Information on the contents and the results gained

4.1 Mode of study: **Full time**

4.2 Programme requirements: **Students must have a CGPA of not less than 2.00 and have successfully completed all the courses in the program in order to graduate.**

Objectives:

- To educate nurse candidates so that they can carry out responsibilities and functions to prevent and promote health in healthy, and to treat and rehabilitate illnesses in ill people.
- To make students have information about diseases and be able to implement this information in order to meet care needs of patients ; have skills to make and act decisions for care of emergent and critically ill patients including assessment, planning, intervention and evaluation stages and have information and skills about health education.

4.3 Programme details and the individual grades/marks/national credits obtained

1st Semester

Code	Course Name	Course Category	Credits	Grade	ECTS Credits
CODE	Lecture Name				
BES 101	Introduction to Nutrition	Required	3		5
BES 103	Basic Chemistry	Required	2		3
BES 105	Public Health I	Required	2		3
BES 109	Basic Mathematics	Required	2		3
BES 131	Turkish Language I	Required	2		3
BES 141	Foreign Language I (English)	Required	3		3
BES 107	Medical Biology and Genetics I	Elective	2		4
BES 111	Introduction to Psychology	Elective	2		3
BES 161	Atatürk's Principles and History of Turkish Revolution I	Elective	2		3
	Total Credit		20		30

2nd Semester

Code	Course Name	Course Category	Credits	Grade	ECTS Credits
BES102	Principles of Nutrition I	Required	3		6
BES104	Organic Chemistry	Required	2		4
BES106	Public Health II	Required	2		4
BES132	Turkish Language II	Required	2		3
BES142	Foreign Language II (English)	Required	2		3
BES162	Atatürk's Principles and History of Revolution II	Required	2		4
BES108	Medical Biology and Genetics II	Elective	2		2
BES112	Psychology and Science of Behaviour	Elective	2		2
BES102	Nutritional Anthropology	Elective	2		2
	TOTAL CREDIT		19		30

3rd Semester

Code	Course Name	Course Category	Credits	Grade	ECTS Credits
BES 201	Principles of Nutrition II	Required	3		5
BES 203	Nutritional Biochemistry I	Required	2		4
BES 205	Food Chemistry and Analysis I	Required	2		4
BES 207	Anatomy	Required	3		3
BES 209	Physiology I	Required	2		3
BES 211	General Microbiology	Elective	2		3
BES 213	New Technology and Nutrition (Nutrigenetics)	Elective	2		3
BES 215	Information Technologies and Applications	Elective	0		3
BES 217	Medical Therminology	Elective	2		2
	TOTAL CREDIT		18		30

4th Semester

Code	Course Name	Course Category	Credits	Grade	ECTS Credits
BES 202	Nutritional Biochemistry II	Required	2		4
BES 204	Food Chemistry and Analysis II	Required	2		6
BES 206	Physiology II	Required	2		3
BES 208	Food Microbiology	Required	2		4
BES 214	Sportive Nutrition		3		5
BES 212	Demografic Structure And Health	Elective	2		3
BES 216	Basic Business	Elective	2		3
BES 314	First Aid	Elective	2		2
	TOTAL CREDIT		17		30

5th Semester

Code	Course Name	Course Category	Credits	Grade	ECTS Credits
BES 301	Mother and Child Nutrition	Required	3		5
BES 303	Assessment of Nutritional Statement	Required	1		4
BES 305	Food Service Systems I	Required	3		5
BES 307	Medical Nutritional Therapy in Diseases I	Required	3		5
BES 309	Food Control and Legislations	Required	2		3
BES 311	Biostatistics	Elective	2		2
BES 313	Professional Ethics and Communication in Health	Elective	2		2
BES 317	Food Drug Interactions	Elective	2		2
	TOTAL CREDIT		18		30

6th Semester

Code	Course Name	Course Category	Credits	Grade	ECTS Credits
BES 302	Nutrition in Childhood Diseases	Required	3		6
BES 306	Food Service Systems II	Required	3		5
BES 308	Medical Nutritional Therapy in Diseases II	Required	3		6
BES 310	Physiopathology of Diseases	Required	2		3
BES 304	Nutritional Problems and Epidemiology		1		3
BES 312	Nutrition Education and Counseling	Required	2		3
BES 316	Eating Disorders in Adolescent	Elective	2		2
BES 318	Cancer And Nutrition	Elective	2		2
BES 350	Summer Internship	Required	0		0
	TOTAL CREDIT		18		30

7th Semester

Code	Course Name	Course Category	Credits	Grade	ECTS Credits
BES 401	Practice 1: Medical Nutritional Therapy of Adulthood Diseases	Required	2		12
BES 403	Practice 2: Medical Nutritional Therapy of Childhood Diseases	Required	2		12
	Graduation Project I	Required	2		2
BES 407	Seminar I	Required	2		2
	TOTAL CREDIT		8		30

8th Semester

Code	Course Name	Course Category	Credits	Grade	ECTS Credits
BES 402	Practice 1: Food Service Systems	Required	2		12
BES 404	Practice2: Elective	Required	2		12
BES 408	Graduation Project II	Required	2		2
BES 410	Seminar II	Required	2		2
	TOTAL CREDIT		8		30

4.4 Grading Scheme and grade distribution guidance

For each course taken, the students is given one of the following grades by the course teacher. The letter grades and grade points are given below:

COURSE GRADE		GRADE POINTS
Excellent	AA	4.00
Very Good	BA	3.50
Good	BB	3.00
Sufficient	CB	2.50
Pass	CC	2.00
Poor Sufficient	DC	1.50
Poor	DD	1.00
Fail	FF	0.00

Other Grades: S:Satisfactory, EX: Exempt, VF (Not Attended), U: Unsuccessful

The grade (S) is given to students who are successful in non-credit courses, and (U) to those who are unsuccessful in such courses. (S) can also be given to courses accepted as equivalents in transfers from other universities.

The grade (EX) is given to students who are found successful in the examination for exemption conducted by the department concerned for courses determined by University Senate. The (EX) grade is not included in computing the grade point average (GPA) but is shown on the transcript.

The grade (VF) is given if a student does not fulfill the attendance and/or application requirements of the course.

4.5 Overall classification of the qualification

Ağırlıklı Genel Not Ortalaması (AGNO) :
Cumulative grade point average (CGPA) :

5. Information on the function of the qualification

5.1 Access to further study: May apply to graduate programs

5.2 Professional Status: This degree enables the holder to exercise the profession.

6. Additional Information :

6.1 Additional information : İstanbul Bilim University,
School of Health- Dietitian, Web Site:

<http://www.istanbulbilim.edu.tr/akademikbirimler5.html>,

6.2 Further information sources : University website :

<http://www.istanbulbilim.edu.tr>

Turkish ENIC-NARIC website: www.enic-naric.net/members.asp?country=Turkey

7. Certification of the supplement

7.1 Date :

7.2 Signature :

7.3 Capacity :

7.4 Official stamp and seal :

8 - INFORMATION ON THE NATIONAL HIGHER EDUCATION SYSTEM

Structure and Degree System

The basic structure of the Turkish National Education System consists of stages of noncompulsory pre-school education; compulsory primary (elementary and middle school) and secondary (high school) education; and higher education. Primary education begins at the age of 5.5 (66 months), lasts eight years and comprises elementary and middle school education, four years each. Secondary education is also four years and divided into two categories as "General High School Education" and "Vocational and Technical High School Education". The entry into these categories is through composite scores obtained from a centralized exam for secondary schools.

Higher education system in Turkey is managed by the Council of Higher Education (CoHE, Yükseköğretim Kurulu-YÖK) which is an autonomous public body responsible for the planning, coordination, governance and supervision of higher education within the provisions set forth in the Constitution of the Turkish Republic and the Higher Education Law. Both state and non-profit foundation universities are founded by law and subjected to the Higher Education Law and to the regulations enacted in accordance with it.

Higher education in Turkey comprises all post secondary higher education programmes, consisting of short, first, second, and third cycle degrees in terms of the terminology of the Bologna Process. The structure of Turkish higher education degrees is based on a two-tier system, except for dentistry, pharmacy, medicine and veterinary medicine programmes which have a one-tier system. The duration of these one-tier programmes is five years (300 ECTS) except for medicine which lasts six years (360 ECTS). The qualifications in these one-tier programmes are equivalent to the first cycle (bachelor's) plus second cycle (master's) degree. Undergraduate level of study consists of short cycle (associate's)-(önlisans derecesi) and first cycle (bachelor's)-(lisans derecesi) degrees which are awarded after successful completion of full-time two-year (120 ECTS) and four-year (240 ECTS) study programmes, respectively. Graduate level of study consists of second cycle (master's)-(yüksek lisans derecesi) and third cycle (doctorate)-(doktora derecesi) degree programmes. Second cycle is divided into two sub-types named as master without thesis and master with thesis. Master programmes without thesis require 60 to 90 ECTS credits and consist of courses and a semester project. 60 ECTS non-thesis master programmes are exceptional, and exist in a few disciplines. The master programmes with a thesis require 90 to 120 ECTS credits, which consists of courses, a seminar, and a thesis. Third cycle (doctorate) degree programmes are completed having earned a minimum of 180 ECTS credits, which consists of completion of courses, passing a proficiency examination and a doctoral thesis. Specialization in medicine, accepted as equivalent to third cycle programmes are carried out within the faculties of medicine, university hospitals and the training hospitals operated by the Ministry of Health.

Universities consist of graduate schools (Institutes) offering second cycle (master's) and third cycle (doctorate) degree programmes, faculties offering first cycle (bachelor's degree) programmes, four-year higher schools offering first cycle (bachelor's) degree programmes with a vocational emphasis and two-year vocational schools offering short cycle (associate's) degree programmes of a strictly vocational nature.

Since 2003, first cycle degree holders may apply directly to third cycle (doctorate) programmes if their performance at the first cycle degree level is exceptionally high and their national central Graduate Education Entrance Examination (ALES) score is also high and their application is approved. For these students, theoretical part of the programmes requires additional courses of 60 ECTS credits.

Admission of national students to short and first cycle degree programmes is centralized and based on a nationwide one/two-stage examination(s) conducted by an autonomous public body (Assessment, Selection and Placement Centre-ÖSYM). Candidates gain access to institutions of higher education based on their composite scores consisting of the scores on the selection examination and their high school grade point averages. Admission to graduate programmes is directly conducted by the higher education institutions (HEIs) within the frameworks of the publicly available national and institutional regulations. Admission of foreign students to programmes at all levels of higher education can be done by direct applications of candidates to HEIs based on publicly available national and institutional regulations.

The Turkish National Qualifications Framework for Higher Education (TYYÇ): The National Qualifications Framework for Higher Education in Turkey (TYYÇ) developed with reference to the QF for European Higher Education Area and the EQF for lifelong learning was adopted by the CoHE in 2010. The framework has been developed as a part of a single national qualifications framework, which would eventually consists of 8 level national framework covering all levels of educations on completion of the ongoing work at the national level, in which the higher education levels lie on levels between 5 to 8. The levels of the TYYÇ with reference to the European overarching qualifications frameworks as well as that to ECTS credits and student workload are shown below.

TYYC LEVELS, QUALIFICATIONS TYPES AND ECTS CREDITS

Higher Education Levels/Cycles			AWARDS/ DEGREES	LENGTH (Year)	TOTAL ECTS CREDITS (Year x 60 ECTS)	TOTAL STUDENT WORKLOAD (h) (1 ECTS= 25-30h)
QF-EHEA	EQF-LLL	TYYÇ LEVELS				
3	8	8	Doctorate Specialization in Medicine Doctorate in Art	3 (min.)	180 (min.)	4.500 – 5.400
2	7	7	Master's Degree	1 - 2	60 - 120	1.500 – 3.600
1	6	6	Bachelor's Degree	4	240	6.000 – 7.200
Short Cycle	5	5	Associate's Degree	2	120	3.000 – 3.600

GENERAL STRUCTURE OF THE TURKISH EDUCATION SYSTEM
