IV COMPATIBILITY
View results with instantly recognizable colour-coded icons. Select the appropriate tab at the top of the results table to check compatibility for other IV delivery routes.

TOXICOLOGY
Consult comprehensive information on commercial, biological, and pharmaceutical products and ingredients, as well as relevant advice on levels of toxicity, reproductive risk, and treatment protocols.

ABOUT TRUVEN HEALTH ANALYTICS
Truven Health Analytics delivers unbiased information, analytic tools, benchmarks, and services to the healthcare industry. Hospitals, government agencies, employers, health plans, clinicians, and life sciences companies have relied on us for more than 30 years. We combine our deep clinical, financial, and healthcare management expertise with innovative technology platforms and information assets to make healthcare better by collaborating with our customers to uncover and realize opportunities for improving quality, efficiency, and outcomes.

MICROMEDEX® 2.0
COMPLETE CLINICAL EVIDENCE
SMART SEARCHING. FAST ANSWERS.

Truven Micromedex 2.0 provides a single source for drug, disease, toxicology, lab, and alternative medicine information. Now with smarter searching, answers can be found more quickly, saving clinicians time and supporting patient safety initiatives.

For more than 30 years, more than 3,500 hospitals in more than 83 countries worldwide have relied upon Micromedex for evidence-based, peer reviewed clinical decision support.

SIMPLE SEARCHING
• Searching and navigation in multiple languages
• A single search box on every page, similar to familiar search engines
• Predictive text to help build a search
• Synonyms and alternative spellings
• Related content suggestions
• Keyword, question, or multi-term searching

SPEEDY RESULTS
• Results ranked by relevance
• Select summary-level or in-depth results
• Single results page links to drug, disease, and toxicology information, and more

MICROMEDEX 2.0
• Saves clinicians time
• Helps reduce medication errors
• Supports patient safety initiatives
• Ensures consistent care across the hospital
• Promotes best practices by appraising and rating evidence and recommendations
FAST SEARCH RESULTS
A single dashboard provides quick links to drug interactions, IV compatibility, comparative efficacy, disease, and toxicology information, plus calculators and tools. Select from summary-level and in-depth content.

RECOMMENDATION, EVIDENCE, AND EFFICACY RATINGS
Ratings and detailed appraisal of studies on which recommendations are based to allow clinicians to make decisions with confidence.

DRUG INTERACTIONS
Access multiple drug interaction information on a single screen. Colour-coded results identify potential adverse reactions between drugs and food, ethanol, pregnancy, tobacco, pregnancy, lactation, and allergies.

COMPARATIVE DRUG SUMMARIES
Select multiple drugs for comparison in an easy-to-read tabular format. Two drugs can be viewed side-by-side and switched with a single click utilising drop-down menus. Alternatively, search by Therapeutic Class.
